

Combining pdf files to one

I'm not robot!

1 Go to in a web browser. PDF Joiner is a free online tool that allows you to merge multiple PDFs into a single file. 2 Click UPLOAD FILES. It's a teal button in the middle of the page. Doing so will open a File Explorer window in Windows or a Finder window on Mac. Then click any sub folders the PDF may be saved to. Advertisement 3 Go to your PDFs' location. Click the folder in which your PDFs are stored on the left side of the window. 4 Select PDF files. To select multiple files press and hold Ctrl on Windows or Command on Mac. Then click the PDF files that you want to combine. You can combine up to 20 PDF files at once with PDF Joiner. 5 Click Open. It's in the bottom-right corner of the window. Doing so will prompt your PDF files to begin uploading to PDF Joiner. You will see thumbnail images of all the PDFs you have uploaded in the center of the page. Click the teal button that says Upload Files to upload additional PDFs. 6 Wait for the files to finish uploading. This can take a few minutes depending on how many files you're uploading. 7 Click and drag the PDFs to change the order. If the order you upload the PDFs is not the same order you want them to be merged, you can click and drag the PDF thumbnail images to the left and right to rearrange the order of the PDFs. 8 Click JOIN FILES. Once the files are done uploading, this option will become available below the list of uploaded files. Clicking JOIN FILES prompts your combined PDF to download onto your computer as a single PDF. By default, you can find your downloaded files in your Downloads folder. Advertisement 1 Download PDF Merger & Splitter. PDF Merger & Splitter is a free app that allows you to merge PDFs and extract pages from a PDF. You can download PDF Merger & Splitter for free from the Microsoft Store. Use the following steps to download PDF Merger & Splitter: Click the Windows Start menu. Click the Microsoft Store icon, which resembles a white shopping bag. Click Search in the upper-right corner. Type "PDF Merger & Splitter" in the search bar. Click PDF Merger & Splitter. Click GET. 2 Open PDF Merger & Splitter. PDF Merger & Splitter has an icon that resembles a page. You can find it in the Windows Start menu, or you can click Launch in the Microsoft Store once it finishes downloading. 3 Click Merge PDF. It's the first purple button in the center of the page. 4 Click Add PDFs. It's the first option in the upper-left corner. This option opens File Explorer and allows you to browse for PDFs. 5 Navigate to the location of the PDFs you want to merge. Use File Explorer to navigate to the location of the PDFs you want to merge. Double-click the folder the PDFs are located in to navigate to that folder. 6 Select the PDFs and click Open. You can select more than one file at a time by holding the Ctrl button and click the files you want to open. Then click Open in the lower-right corner. Click Add PDFs again to upload additional PDF files. To change the order of the PDFs, click the PDF file you want to move in the list, and click Move Up or Move Down above the list. To remove a PDF, click the PDF you want to remove and click Remove above the list. 7 Click Merge PDFs. It's in the lower-right corner. This displays a Save prompt that you can use to save the merged PDFs. 8 Type a name for the merged PDF. Use the field next to "Filename" to type a name for the merged PDF. You can also select a location to save the file to. 9 Click Save. This saves your PDFs as a single, merged PDF. Advertisement 1 Open Finder. It's the blue and white icon with a smiley face. You can find it in your Mac's Dock at the bottom of the screen. You can use the Finder to browse files and folders on your Mac. 2 Go to your PDF files' location. Click the folder in which your PDF files are saved on the left side of the Finder window. 3 Open the first PDF you want to merge in Preview. Unlike Windows, Mac comes with an application that can be used to merge and split PDFs. You can use the Preview app for this purpose. Use the following steps to open a PDF in Preview. Right-click a PDF file (click with two fingers if you are using a trackpad or magic mouse). Hover over Open with... Click Preview. 4 Click View. It's in the menu bar at the top of your Mac's screen. A drop-down menu will appear. 5 Click Thumbnails. This option is in the View drop-down menu. You should see a window pop out of the left side of the Preview window that contains a thumbnail image of each page of the PDF.[1] 6 Click and drag another PDF into the list of thumbnails. To add another PDF to the PDF you have open in Preview, click the PDF you want to add in the Finder window and drag it to the thumbnail list to the left in Preview. Drop the PDF where you want it to go in the thumbnails. To select multiple files, hold the Command key, and click the files you want to select. Then drag all of them to the list of thumbnail images in Preview. You can also rearrange the pages by clicking the thumbnail images to the left and dragging them up or down. 7 Click File. It's a menu item in the top-left corner of your Mac's screen. 8 Click Export as PDF. It's in the "File" drop-down menu near the bottom. 9 Type a name for the merged PDF. Use the field next to "Save as" to type a file name for the merged PDF. 10 Click Save. It's in the bottom-right corner of the window. Doing so will combine your selected PDFs into one document and save them into the same folder in which the rest of the PDFs are. Advertisement 1 Open Adobe Acrobat DC. Adobe Acrobat DC Pro has a red and black icon with a white looping swoosh in the middle. Adobe Acrobat DC is Adobe's proprietary (paid) PDF creation tool. Adobe Acrobat requires a subscription of \$14.99 per month. Click the Adobe Acrobat DC in the Windows Start folder, or Applications folder on Mac to open Adobe Acrobat reader. The free Adobe Acrobat Reader DC does not have the ability to merge PDFs. 2 Click Tools. It's the second tab at the top. This displays the PDF creation tools. 3 Click Combine Files. It's the second option on the Tools page. It has a purple icon that resembles two pages. 4 Click Add Files. It's the blue button in the center of the pages. This opens File Explorer on Windows, or the Finder on Mac. 5 Navigate to the location the PDFs are stored. Use the File Explorer or Finder window to navigate to the folder the PDFs you want to merge are saved to. 6 Select the PDFs you want to merge. To select multiple files, press and hold Ctrl on Windows or Command on Mac. Then click the files you want to add. 7 Click Open. It's in the lower-right corner. This displays all the PDFs as thumbnail images in Adobe Acrobat DC. To add additional PDFs, click Add Files at the top of the screen. Click and drag the thumbnail images in Adobe Acrobat DC to change the order of the files. To remove a PDF, click a thumbnail to select it and click Remove at the top of the page. 8 Click Combine. It's the blue button at the top of the page. This combines all the PDFs in the thumbnail list into one PDF. 9 Click File. It's in the menu bar at the top of Adobe Acrobat DC. 10 Click Save as. It's in the drop-down menu below "File" in Adobe Acrobat DC. 11 Click a recent save location or click Choose a different folder. You can select one of the recent save locations listed, or click the blue button that says Choose a different folder to select a different save location. 12 Type a name for the merged PDF. Use the field next to "Filename" to type a name for the PDF. 13 Click Save. It's in the lower-right corner of the Save window. This saves the merged PDF using the file name you choose. He is also the host of the Computer Man Show! broadcasted on KSQD covering central California for over two years. There are many free sites that you can use online to merge PDFs. CutePDF is a good one. Question What do I do if my preview doesn't have a "save as" option, only a "save" option? Use the edit menu discussed above. Edit, Insert works. Question When I highlight several separate single-page PDFs in order to drag them to combine into a single PDF, the order changes. How can I combine several single-page PDFs and maintain the order when I merge them? If you're using Adobe Acrobat, you can reorder the files within the "Combine Files" window by highlighting and dragging them to the order you want. Question What do I do if the files won't drop when I drag them onto the thumbnail panel? Create a new folder in the document folder, copy your files and paste them in that folder. Then open the document folder and the folder that you created inside it with your files, and follow all the instructions listed in wikiHow. It should solve your problem. It worked for me. Question When using this free software to combine highly confidential documents, is any of the information on those docs reviewed, sold, or used by the provider? Always assume yes with highly confidential documents. When something is free, the software provider needs to make money in other ways.
